What Is Mission Philadelphia?

Each year as part of it's mission, Trinity Youth Group in Solebury has embraced working in Philadelphia's high need areas to improve the quality of the residents' lives. For the past twelve years, Trinity Youth Group has worked side by side with the residents to revitalize their neighborhoods by transforming abandoned open spaces into safe and functional places that inspire and promote positive human interaction. Mission Philadelphia forges relationships with these neighborhoods, working together to break down racial and demographic barriers. 2008 Projects

Trinity Youth Group celebrates its twelfth year of "Mission Philadelphia," a week-long residential program of exciting, diverse service projects in the city of Philadelphia.

In June of 2008, Trinity Youth Group, in cooperation with their partner the Philadelphia based Urban Tree Connection, will help transform a vacant lot in the West Philadelphia corridor into a pleasing community space which can be enjoyed and maintained by local residents. TYG will also be working to revitalize properties completed in previous years. All projects are planned in cooperation with neighborhood residents, and TYG works side by side with them to ensure the final result meets the approval of the local community.
